STANDARDS FOR APPROVAL (SECTION 154.082)

Please respond to each of the following questions regarding the proposed special land use request:

- (1) Is the location, size, height and intensity of the principal and/or accessory operations, compatible with the size, type and kind of buildings, uses and structures in the vicinity and on adjacent property?

- (2) Is the proposed request consistent with, and will promote the intent and purpose of this chapter?

- (3) Is the proposed request compatible with the natural environment and will it conserve natural resources and energy?

- (4) Is the proposed request consistent with existing and future capabilities of public services and facilities?

- (5) Will the proposed request protect the public health, safety and welfare as well as the social and economic well-being of those who will use the land use or activity, residents, businesses and landowners immediately adjacent and the city as a whole?

- (6) Will the proposed request create any hazards arising from storage and use of inflammable fluids?

Special Land Use Application

Application # ____ - ____

(7) Will the proposed request will be in conflict with convenient, safe and normal vehicular and pedestrian traffic routes, flows, intersections and general character and intensity of development? In particular:

(a) Will the property be easily accessible to fire and police?

(b) Will measure be taken as to not create or add to any hazardous traffic condition?

(8) Will the proposed request be of such a design and impact that the location and height of buildings, the location, nature and height of walls, fences and the nature and extent of landscaping on the site not hinder or discourage the appropriate development and use of adjacent land and buildings or impair the value thereof?

(9) Will the nature, location, size and site layout of proposed request be a harmonious part of the district in which it is situated taking into account, among other things, prevailing shopping habits, convenience of access by prospective patrons, the physical and economic relationship of one type of use to another and characteristic groupings of uses of the district?

(10) Will the location, size, intensity and site layout be such that operations will not be objectionable to nearby dwellings, by reason of noise, fumes, pollution, vibration, litter, refuse, glare or flash of lights to an extent which is greater than would be operations of any use permitted by right for that district within which the special land use is proposed to be located?
