

## PUBLIC NOTICE

# Parks & Recreation Master Plan Survey

The City of Saugatuck is one of Michigan's premier waterfront communities. Part of the City's unique charm is the many spectacular municipal parks that are used by thousands of people every year. As a part of the City of Saugatuck's 5 Year Park & Recreation Master Plan, we would like to gather your input on the City's recreational facilities through an easy on-line survey. Your cooperation in completing this survey by November 15, 2016 will be greatly appreciated and will aid the City of Saugatuck in this planning effort.

Below is the Internet address to the on-line survey:
